

# Young Women's Clinic

---

We are very pleased to announce the opening of the University of New Mexico Young Women's Clinic, a Medical Group clinic. This brand new clinic is a collaborative project between the Departments of OB-GYN and Pediatrics. The Young Women's Clinic, or YWC is conveniently located at [2301 Yale SE in Albuquerque](#). The YWC is a specialty clinic for [women ages 14-21](#) focusing on evidence based reproductive health services and other gynecologic care. Patients can receive Long-Acting-Reversible Contraception including hormonal implants (Nexplanon) and IUDs (Mirena and others), and other gynecologic care for both acute and chronic conditions including menstrual problems, ovarian cysts, amenorrhea and other disorders of the reproductive system.

The clinic is staffed by:

»»→ [Dr. Nancy Sokkary](#)

The only fellowship trained Pediatric and Adolescent Gynecologist in New Mexico.

»»→ [Dr. Jane McGrath](#)

Chief of Adolescent Medicine at UNM

»»→ [Dr. Alberta Kong](#)

Pediatrician, will begin a special clinic for young women with Polycystic Ovarian Syndrome starting in September, 2014

To make appointments or refer patients, the clinic phone number is: [505-925-4297](#)
